Friendship Central school has been blessed to receive the majority of school supplies provided for our students through the organization, Americans Helping Americans.

We have attached the school supply list for the upcoming 2023-2024 school year. You will notice many areas shaded in gray. These gray areas are items that have been provided for our students by Americans Helping Americans.

The items listed under each grade level or class are the remaining items students will need for the coming year.

We are encouraging families to express their gratitude on the enclosed postcard to Americans Helping Americans (postcard will be mailed to all families). You may mail the postcard of thanks, or bring it to the school, and we will mail it for you.
